# Group Health Insurance

Enhancing employee well-being and their benefits package.

## Global Network Provider

Countless medical providers worldwide, with 1.3 million in the United States alone. Access to healthcare is without question essential for your overall well-being and health.

## Custom Group Health Plans

Your group health plan will be tailored to your needs and the needs of your valued human resources. Available to both small and large groups - non-profits organizations, businesses, and the public sector.

## Affordable Care Act Compliant

All health plans are designed to remain in compliance with all Affordable Care Act (ACA) mandates to guarantee a plan rich in benefits and access to premium healthcare wherever you are in the world.

## CNMI, Guam, Korea, Japan, Philippines, Taiwan, other int'l countries

Enjoy access to roughly 70,000 regional and international providers in the CNMI, Guam, Philippines, Korea, Japan, etc.

## Aetna on the web and your mobile application

Locate providers, check on a claim status, find useful forms and other resources, and print digital member ID cards with our user friendly mobile app - the Aetna Navigator.
